PROXY STATEMENT

Introduction

This Proxy Statement and the enclosed proxy card are furnished in connection with the solicitation of proxies by the Board of Directors of Marlin Business Services Corp. (the "Corporation"), a Pennsylvania corporation, to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") of the Corporation to be held on Thursday, May 31, 2018, at 9:00 a.m., at the office of Morgan, Lewis & Bockius LLP located at 1701 Market St, Philadelphia, PA 19103, or at any adjournment or postponement thereof, for the purposes set forth below:

1. To elect a Board of Directors of seven (7) directors to serve until the next annual meeting of shareholders of the Corporation and until their successors are elected and qualified;
2. To hold an advisory vote on the compensation of the Corporation's named executive officers, as described in the Proxy Statement under "Executive Compensation"; and
3. To ratify the appointment of Deloitte & Touche LLP as the Corporation's independent registered public accounting firm.

In the proxyholder's discretion, the proxyholder is authorized to vote upon such other business as may properly be presented at the meeting or any adjournments or postponements thereof.

This Proxy Statement and related proxy card have been mailed on or about April 30, 2018, to all holders of record of common stock of the Corporation as of the record date. The Corporation will bear the expense of soliciting proxies. The Board of Directors of the Corporation has fixed the close of business on April 16, 2018, as the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. The Corporation has only one class of common stock, of which there were 12,418,497 shares outstanding as of April 1, 2018.

Proxies and voting procedures

Each outstanding share of common stock of the Corporation will entitle the holder thereof to one vote on each separate matter presented for vote at the Annual Meeting. Votes cast at the meeting and submitted by proxy are counted by the inspectors of the meeting who are appointed by the Corporation.

You can vote your shares by properly executing and returning a proxy in the enclosed form. The shares represented by such proxy will be voted at the Annual Meeting and any adjournment or postponement thereof. If you specify a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all of the director nominees named in the Proxy Statement; for the adoption, on an advisory basis, of the resolution approving the compensation of the Corporation's named executive officers, as described in the Proxy Statement under "Overview of the Corporation's Executive Compensation Program"; for the ratification of Deloitte & Touche LLP as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2018; and in accordance with the judgment of the persons named as proxies with respect to any other matter which may come before the meeting. If you are the shareholder of record, you can also choose to vote in person at the Annual Meeting.

A proxy may be revoked before exercise by notifying the Secretary of the Corporation in writing or in open meeting, by submitting a proxy of a later date or attending the meeting and voting in person. You are encouraged to date and sign the enclosed proxy form, indicate your choice with respect to the matters to be voted upon and promptly return it to the Corporation.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee, who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct how your broker votes your shares. You are also invited to attend the meeting. However, because you are not the shareholder of record, you may not vote your street name shares in person at the Annual Meeting unless you obtain a proxy executed in your favor from the holder of record. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee to vote your shares.

Quorum and voting requirements

The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on each matter to be voted upon at the meeting will constitute a quorum for the meeting. If, however, the meeting cannot be organized because a quorum is not present, in person or by proxy, the shareholders entitled to vote and present at the meeting will have the power, except as otherwise provided by statute, to adjourn the meeting to such time and place as they may determine. Those who attend or participate at a meeting that has been previously adjourned for lack of a quorum, although less than a quorum, shall nevertheless constitute a quorum for the purpose of electing directors.

The following chart shows the proposals to be acted upon at the Annual Meeting, and the votes needed for the proposals to be adopted.

<u>Proposal</u>	<u>Vote Required for Approval</u>	<u>Effect of Abstentions* on Vote</u>	<u>Broker Discretionary Voting Allowed?</u>	<u>Effect of Broker Non-Vote on Vote</u>
1 Election of directors	Plurality. But if votes “withheld” exceed votes “for” a nominee, then nominee must tender resignation to Board (as described below)	Not applicable	No	No effect
2 Advisory vote on compensation of named executive officers	Majority of votes cast	No effect	No	No effect
3 Ratification of appointment of independent registered public accounting firm	Majority of votes cast	No effect	Yes	No effect

* Note: Abstentions are counted as present for determining whether a quorum is present for each proposal.

At the Annual Meeting, in connection with Proposal 1 to elect directors, you will be entitled to cast one vote for each share held by you for each candidate nominated, but will not be entitled to cumulate your votes. Votes may be cast “for” or “withheld” with respect to each candidate nominated. Directors shall be elected by a plurality of the votes cast, which means that seven (7) director nominees receiving the highest number of votes “for” their election will be elected to the Board of Directors. Votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. However, the Board has adopted a director resignation policy, pursuant to which, in an uncontested election, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election will, promptly following certification of the shareholder vote, tender his or her resignation to the Board with such resignation expressly stating that it is contingent upon the acceptance of the resignation by the Board. See “Governance of the Corporation—Majority Voting in Director Elections/Director Resignation Policy.”

With respect to Proposal 2 regarding the advisory vote on executive compensation (“say-on-pay” vote), while the Corporation intends to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on the Corporation, the Board of Directors or the Compensation Committee. The Board and Compensation Committee value the opinions of all of the Corporation’s shareholders and will consider the outcome of this vote when making future compensation decisions for the Corporation’s named executive officers.

Generally, broker non-votes occur when shares held by a broker, bank or other nominee in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker, bank or other nominee (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares with respect to that particular proposal. A broker is entitled to vote shares held for a beneficial owner on “routine” matters without instructions from the beneficial owner of those shares.

With respect to Proposal 3 regarding the ratification of the appointment of Deloitte & Touche LLP as the Corporation’s independent registered public accounting firm, while shareholder approval of this appointment is not required by law, the Corporation’s bylaws (the “Bylaws”) or otherwise, or binding on the Corporation, the Corporation intends to carefully consider the voting results of this proposal. The Corporation believes that its shareholders should be given the opportunity to express their views on the Corporation’s external financial accounting and therefore is submitting this matter to shareholder vote as a matter of good corporate practice. If the shareholders do not ratify the appointment of Deloitte as the Corporation’s independent auditor, the Audit and Risk Committee will consider this vote in determining whether to continue the engagement of Deloitte as its independent auditor.

On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on “non-routine” matters, such as the election of directors (Proposal 1) or the advisory vote on executive compensation (Proposal 2).

In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your broker, bank or other nominee was allowed to vote those shares on your behalf in the election of directors as they felt appropriate. Based on recent regulatory changes, your broker, bank or other nominee is no longer able to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your broker, bank or other nominee how to vote in the election of directors, no votes will be cast on your behalf. Broker non-votes are counted for purposes of determining whether or not a quorum exists for the transaction of business, but will not be counted for purposes of determining the number of shares represented and voted with respect to an individual proposal, and therefore will have no effect on the outcome of the vote on an individual proposal. Thus, if you do not give your broker specific voting instructions, your shares will not be voted on these “non-routine” matters and will not be counted in determining the number of shares necessary for approval.

As to all other matters properly brought before the meeting, the majority of the votes cast at the meeting, present in person or by proxy, by shareholders entitled to vote thereon will decide any question brought before the Annual Meeting, unless the question is one for which, by express provision of statute or of the Corporation’s Articles of Incorporation or Bylaws, a different vote is required. Generally, abstentions and broker non-votes on these matters will have no effect on the vote because under Pennsylvania law abstentions and broker non-votes are not considered votes cast. Broker non-votes and abstentions will be counted, however, for purposes of determining whether a quorum is present.

BOARD RECOMMENDATIONS

At the Annual Meeting, the Board of Directors recommends that the shareholders vote:

- **“FOR”** Proposal 1: the election of John J. Calamari, Lawrence J. DeAngelo, Scott A. Heimes, Jeffrey A. Hilzinger, Matthew J. Sullivan, J. Christopher Teets and James W. Wert to serve on the Board of Directors until the next annual meeting of shareholders and until their successors are elected and qualified;

- “**FOR**” Proposal 2: the adoption of the resolution indicating approval, on an advisory basis, of the compensation of the Corporation’s named executive officers; and
- “**FOR**” Proposal 3: the ratification of the appointment of Deloitte & Touche LLP as the Corporation’s independent registered public accounting firm for 2018.

Board of Directors

Currently, the Board of Directors of the Corporation (the “Board of Directors” or the “Board”) has seven (7) members. The Board has affirmatively determined that John J. Calamari, Lawrence J. DeAngelo, Scott A. Heimes, Matthew J. Sullivan, J. Christopher Teets and James W. Wert are each independent directors. This constitutes more than a majority of our Board of Directors. Only independent directors serve on our Audit and Risk Committee, Compensation Committee and Nominating and Governance Committee. The standards applied by the Board in affirmatively determining whether a director is “independent” are those objective standards set forth in the listing standards of the Nasdaq Stock Market LLC (“NASDAQ”). Mr. DeAngelo, a non-employee independent director, serves as the Chairman of the Board. He was elected to that position in June 2014. The Board is responsible for ensuring that independent directors do not have a material relationship with the Corporation or any of the Corporation’s affiliates or any of our executive officers or their affiliates.

Board Independence

It is the policy of the Board and NASDAQ’s rules require listed companies to have a board of directors with at least a majority of independent directors, as defined under NASDAQ’s Marketplace Rules. The Board has affirmatively determined that each member of our Board (other than the Corporation’s Chief Executive Officer, Jeffrey A. Hilzinger,) is an independent director, and all standing committees of the Board are composed entirely of independent directors, in each case under NASDAQ’s independence definition. The NASDAQ independence definition includes a series of objective tests, such as that the director is not an employee of the Corporation and has not engaged in various types of business dealings with the Corporation. In addition, the Board has made a subjective determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and the Corporation with regard to each director’s business and other activities as they may relate to the Corporation and the Corporation’s management.

Board Leadership Structure

The Board believes that separating the roles of Chairman of the Board and Chief Executive Officer strengthens the independence of each role and enhances overall corporate governance. As a result, in June 2014, the Board elected an independent director, Lawrence J. DeAngelo, to serve as the Board's second non-executive Chairman of the Board. The Board believes that separating the Chief Executive Officer and Chairman of the Board positions provides the Corporation with the right foundation to pursue the Corporation's objectives.

Majority Voting in Director Elections/Director Resignation Policy

In April 2014, the Board adopted a director resignation policy, pursuant to which, in an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election will, promptly following certification of the shareholder vote, tender his or her resignation to the Board with such resignation expressly stating that it is contingent upon the acceptance of the resignation by the Board. The Nominating and Governance Committee will consider such tendered resignation and recommend to the Board whether to accept or reject the tendered resignation, or whether other action should be taken. The Board will act on the tendered resignation, taking into account the Nominating and Governance Committee's recommendation, and publicly disclose its decision regarding the tendered resignation and, if such tendered resignation is rejected, the rationale behind the decision, within 90 days following certification of the shareholder vote. The Nominating and Governance Committee in making its recommendation, and the Board in making its decision, each may consider any factors and other information that they consider appropriate and relevant, including as a principal factor whether the issue(s) that caused the high withhold/against vote have been or will be addressed. Notwithstanding the foregoing, to the extent a director has received a greater number of votes "withheld" from his or her election than votes "for" such election in an uncontested election in two consecutive elections, the Board will accept such tendered resignation.

The director who has tendered his or her resignation will not participate in the Nominating and Governance Committee's or the Board's deliberations or decision with respect to the tendered resignation, but shall remain active and engaged in all other committee deliberations and decisions pending completion of the Nominating and Governance Committee and Board process. If a majority of the members of the Nominating and Governance Committee are required to tender resignations pursuant to our director resignation policy following any election, then the independent directors that are not required to tender their resignations will appoint a Board committee amongst themselves solely for the purpose of considering the tendered resignations and making a recommendation to the Board. In addition, if the only directors who are not required to tender resignations pursuant to the policy following any election constitute three or fewer directors, then all directors may participate in the Board action regarding whether to accept the tendered resignations.

Shareholder Nominations

In October 2016, the Board adopted amendments to the Bylaws to implement proxy access. Article II Section 2.3 of the Bylaws permits a shareholder who has owned shares of the Corporation, or a group of up to 20 shareholders, representing an aggregate of at least three percent of the voting power entitled to vote in the election of directors continuously for at least three years (an "Eligible Shareholder") to nominate and include in the Corporation's annual meeting proxy materials director nominees in a number up to 25 percent of the Board. Such nominations are subject to certain eligibility, procedural and disclosure requirements set forth in Article II Section 2.3 of the Bylaws, including the requirement that the Corporation must receive notice of such nominations not less than ninety days prior to the anniversary date of the mailing of the previous year's annual proxy materials, provided, however, that in the event that the annual meeting is called for a date that is not within thirty days before or after such anniversary date, notice by the shareholder in order to be timely must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure of the date of the annual meeting was made, whichever first occurs; and in the case of a special meeting of shareholders called for the purpose of electing

directors, not later than the close of business on the tenth day following the day on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever first occurs. A copy of the Bylaws can be obtained from the Corporation's Corporate Secretary at 300 Fellowship Road, Mount Laurel, NJ 08054.

Shareholders may also submit nominations to the Nominating and Governance Committee for consideration at next year's Annual Meeting prior to the deadlines set forth under "Shareholder Proposals & Nomination of Directors." Any such nomination must include the information specified in Article II, Section 2.3 of the Corporation's Bylaws and nominations should be mailed to the attention of the Nominating and Governance Committee, c/o the Corporation's Corporate Secretary at the Corporation address provided in the preceding paragraph. The Nominating and Governance Committee will evaluate all recommended nominees, including those submitted by shareholders, based on the criteria set forth above.

Committees

The Corporation has three standing committees: the Audit and Risk Committee, the Compensation Committee and the Nominating and Governance Committee.

Audit and Risk Committee. The Audit and Risk Committee of the Board (the "Audit and Risk Committee") currently consists of four independent directors: Messrs. Calamari (chairman), Sullivan, Teets and Wert. The Board has determined that Messrs. Calamari, Sullivan, Teets and Wert each qualify as an audit committee financial expert as defined under current rules and regulations of the Securities and Exchange Commission (the "SEC") and under NASDAQ listing standards, and that all the members of the Audit and Risk Committee satisfy the independence and other requirements for audit committee members under such rules, regulations and listing standards.

The Audit and Risk Committee's primary purpose is to assist the Board in overseeing and reviewing:

- (1) the integrity of the Corporation's financial reports and financial information provided to the public and to governmental and regulatory agencies;
- (2) the adequacy of the Corporation's internal accounting systems and financial controls;
- (3) the annual independent audit of the Corporation's financial statements, including the independent registered public accountant's qualifications and independence; and
- (4) the Corporation's compliance with law and ethics programs as established by management and the Board. In this regard, the Audit and Risk Committee, among other things, (a) has sole authority to select, evaluate, terminate and replace the Corporation's independent registered public accountants; (b) has sole authority to approve in advance all audit and non-audit engagement fees and terms with the Corporation's independent registered public accountants; and (c) reviews the Corporation's audited financial statements, interim financial results, public filings and earnings press releases prior to issuance, filing or publication.

The Board has adopted a written charter for the Audit and Risk Committee, which is accessible on the investor relations page of the Corporation's website at www.marlinfinance.com. The Corporation's website is not part of this Proxy Statement and references to the Corporation's website address are intended to be inactive textual references only.

Compensation Committee. The Compensation Committee of the Board (the "Compensation Committee") currently consists of four independent directors: Messrs. Wert (chairman), DeAngelo, Sullivan and Teets.

The functions of the Compensation Committee include:

- evaluating the performance of the Corporation's named executive officers and approving their compensation;

-
- preparing an annual report on executive compensation for inclusion in the Corporation's proxy statement;
 - reviewing and approving compensation plans, policies and programs and considering their design and competitiveness; and
 - reviewing the Corporation's non-employee independent director compensation levels and practices and recommending changes as appropriate.

The Compensation Committee reviews and approves corporate goals and objectives relevant to chief executive officer compensation, evaluates the chief executive officer's performance in light of those goals and objectives, and recommends to the Board the chief executive officer's compensation levels based on its evaluation. The Compensation Committee also administers the Corporation's 2003 Equity Compensation Plan, as Amended (the "2003 Equity Plan"), the Corporation's 2014 Equity Compensation Plan (the "2014 Equity Plan") and the Corporation's 2012 Employee Stock Purchase Plan. The Compensation Committee is governed by a written charter that is accessible on the investor relations page of the Corporation's website at www.marlinfinance.com.

Nominating and Governance Committee. The Nominating and Governance Committee of the Board (the "Nominating Committee") currently consists of four independent directors: Messrs. DeAngelo (chairman), Calamari, Sullivan and Wert. The Nominating Committee is responsible for seeking, considering and recommending to the Board qualified candidates for election as directors and proposing a slate of nominees for election as directors at the Corporation's Annual Meeting of Shareholders. The Nominating Committee is responsible for reviewing and making recommendations on matters involving general operation of the Board and its committees, and will annually recommend to the Board nominees for each committee of the Board. The Nominating Committee is governed by a written charter that is accessible on the investor relations page of the Corporation's website at www.marlinfinance.com.

The Nominating Committee has determined that no one single criterion should be given more weight than any other criteria when it considers the qualifications of a potential nominee to the Board. Instead, it believes that it should consider the total "skill set" of an individual. In considering potential nominees for director, the Nominating Committee will consider each potential nominee's personal abilities and qualifications, independence, knowledge, judgment, character, leadership skills, education and the diversity of such nominee's background, expertise and experience in fields and disciplines relevant to the Corporation, including financial literacy or expertise. In addition, potential nominees should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions that they can make to the Corporation. The Nominating Committee considers all of these qualities when selecting, subject to ratification by the Board, potential nominees for director.

The Board views both demographic and geographic diversity among the directors as desirable. The Board does not have a formal diversity policy, but the Nominating Committee takes into account a candidate's ability to contribute to the cognitive diversity of backgrounds on the Board. To this end, we consider attributes such as race, ethnicity, gender, age, cultural background and professional experience. The Nominating Committee reviews its effectiveness in balancing these considerations when assessing the composition of the Board. In 2017, the Board retained Korn Ferry, a leading global recruiting firm to perform a board assessment with an emphasis on diversity.

The Nominating Committee's process for identifying and evaluating potential nominees includes soliciting recommendations from existing directors and officers of the Corporation, reviewing the Board and Committee Assessments completed by the directors and, when deemed advisable by the Nominating Committee, engaging third parties to assist in identifying and evaluating potential nominees.

The Nominating Committee will also consider recommendations from shareholders regarding potential director candidates provided that such recommendations are made in compliance with the nomination procedures set forth

in the Corporation's Bylaws. The procedures in the Corporation's Bylaws require the shareholder to submit written notice of the proposed nominee to the Secretary of the Corporation no less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders. To be in proper form, such written notice must include, among other things, (i) the name, age, business address and residence of the proposed nominee, (ii) the principal occupation or employment of such nominee, (iii) the class and number of shares of capital stock of the Corporation owned beneficially or of record by such nominee and (iv) any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for the election of directors. In addition, as to the shareholder giving the notice, the notice must also provide (a) such shareholder's name and record address, (b) the class and number of shares of capital stock of the Corporation owned beneficially or of record by such shareholder, (c) a description of all arrangements or understandings between such shareholder and each proposed nominee and any other persons (including their names) pursuant to which the nominations are to be made by such shareholder, (d) a representation that such shareholder (or his or her authorized representative) intends to appear in person or by proxy at the meeting to nominate the persons named in the notice and (e) any other information relating to the shareholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for the election of directors. If the shareholder of record is not the beneficial owner of the shares, then the notice to the Secretary of the Corporation must include the name and address of the beneficial owner and the information referred to in clauses (c) and (e) above (substituting the beneficial owner for such shareholder).

Risk Management Oversight

The Corporation is subject to a variety of risks, including credit risk, liquidity risk, operational risk, regulatory risk, reputational risk and market risk. The Board oversees risk management through a combination of processes.

The Audit and Risk Committee, in conjunction with the Corporation's management team, has developed risk management processes intended to:

- timely identify the material risks that the Corporation faces;
- communicate necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant Board committee;
- implement appropriate and responsive risk management strategies consistent with Corporation's risk profile; and
- integrate risk management into the Corporation's decision-making.

The Board regularly reviews information regarding the Corporation's credit, liquidity and operations, as well as the risks associated with each, during the Board meetings scheduled throughout the year.

The Corporation has established a Management Risk Committee ("Risk Committee"). The Risk Committee is comprised of the following voting members: the Corporation's Chief Executive Officer, Chief Risk Officer, Chief Financial Officer, Chief Sales Officer, General Counsel, Senior Vice President of Portfolio Management, and the President of the Corporation's wholly owned bank subsidiary, Marlin Business Bank. In addition, the Risk Committee is also comprised of the following non-voting members: the Corporation's Chief Marketing Officer, Chief Information Officer, the Chief Lending Officer of Marlin Business Bank, the Corporation's Senior Vice President of Data Analytics, two Vice Presidents in the Corporation's Credit Risk department, three Assistant Vice Presidents in the Corporation's Credit Risk department and the Assistant Vice President of the Corporation's Customer Servicing Department. The Risk Committee is the ultimate arbiter in the measurement of risk and is the guardian of the risk taken within the Corporation and the Corporation's subsidiaries. The Risk Committee's main task is to oversee the risk profile and risk strategy of the Corporation by defining the risk appetite, defining the risk strategy, and actively monitoring the risk performance against the risk appetite and strategy as defined by the Risk Committee's Charter. The Charter is subject to approval by the Corporation's

Board of Directors and it provides insight into the Risk Committee's: a) Mission, b) Hierarchical Relationships, c) Mandates d) Membership / Modalities and e) Responsibilities / Accountabilities.

The Audit and Risk Committee, in consultation with the management, the independent registered public accountants and the internal auditors, also discusses the Corporation's policies and guidelines regarding risk assessment and risk management, as well as the Corporation's significant financial risk exposures and the steps management has taken to monitor, control and report such exposures. The Compensation Committee considers the risks that may be presented by the structure of the Corporation's compensation programs and the metrics used to determine individual compensation under that program. Among its other duties, the Nominating and Governance Committee develops corporate governance guidelines applicable to the Corporation and recommends such guidelines or revisions of such guidelines to the Board. The Nominating and Governance Committee reviews such guidelines at least annually and, when necessary or appropriate, recommends changes to the Board. The Board believes that the present leadership structure, along with the Corporation's corporate governance policies and procedures, permits the Board to effectively perform its role in the risk oversight of the Corporation.

Compensation Risk Assessment

As part of its oversight of the Corporation's executive compensation program and in light of regulatory guidance on sound incentive compensation policies, the Compensation Committee considers the impact of the Corporation's executive compensation program, and the incentives created by the compensation awards that it administers, on the Corporation's risk profile. In addition, the Corporation reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Corporation. Based on this review, the Compensation Committee has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Corporation.

Whistleblower Procedures

The Corporation has established procedures that provide employees with the ability to make anonymous submissions directly to the Audit and Risk Committee regarding concerns about accounting or auditing matters. The independent directors that comprise the Audit and Risk Committee will review, investigate and, if appropriate, respond to each submission made. Additionally, the Corporation has reminded employees of its policy to not retaliate or take any other detrimental action against employees who make submissions in good faith.

Code of Ethics and Business Conduct

The Board of Directors believes that non-employee independent directors should own and hold common stock of the Corporation to further align their interests and actions with the interests of the Corporation's shareholders. The Corporation's current Director Stock Ownership Guidelines require each non-employee independent director to own an amount of the Corporation's stock having a value (based on the applicable prior day's closing stock price) equal to five times his or her annual board cash retainer. Restricted shares count toward the ownership requirement. Each non-employee independent director receives an annual grant which vests at the earlier of (a) seven years from the grant date and (b) six months following the non-employee director's termination of Board service.

Proposal 1:

ELECTION OF DIRECTORS

Nominees for Election

In general, the Corporation's directors are elected at each annual meeting of shareholders. Currently, the number of directors of the Corporation is eight (8) with one vacancy.

Consequently, at the Annual Meeting, the Corporation's shareholders are being asked to elect seven (7) directors to serve until the next annual meeting of shareholders and until their successors are elected and qualified, or until their earlier death, resignation or removal. The nominees receiving the greatest number of votes at the Annual Meeting up to the number of authorized directors will be elected.

After the Annual Meeting, there will remain one vacancy on the Board of Directors as the Nominating and Governance Committee has not identified a candidate to fill the remaining independent board member vacancy, but continually searches for candidates. Under the terms of our Amended and Restated Articles of Incorporation and Bylaws, the Board of Directors may fill a board of director vacancy at any time.

All seven (7) of the nominees for election as directors at the Annual Meeting as set forth in the following table are incumbent directors previously elected as directors by the Corporation's shareholders. Each of the nominees has consented to serve as a director if elected. Except to the extent that authority to vote for any directors is withheld in a proxy, shares represented by proxies will be voted for such nominees. In the event that any of the nominees for director should, before the Annual Meeting, become unable to serve if elected, shares represented by proxies will be voted for such substitute nominees as may be recommended by the Corporation's existing Board, unless other directions are given in the proxies. To the best of the Corporation's knowledge, all of the nominees will be available to serve.

For each of the seven (7) nominees for election at the Annual Meeting, set forth below is biographical and other information as of March 1, 2018, as to each nominee's positions and offices held with the Corporation, principal occupations during the past five years, directorships of public companies and other organizations held during the past five years and the specific experience, qualifications, attributes or skills that, in the opinions of the Nominating and Governance Committee and the Board of Directors, make each nominee qualified to serve as a director of the Corporation:

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board recommends that the shareholders vote "FOR" the seven (7) nominees listed above. Proxies received will be so voted unless shareholders specify otherwise in the proxy.

Proposal 2:

ADVISORY APPROVAL OF OUR NAMED EXECUTIVES' PAY

In accordance with Section 14A of the Exchange Act, we ask that shareholders vote, on an advisory basis, to approve the compensation paid to our named executives as described in this proxy statement.

Why the Board recommends a vote FOR the “say-on-pay” proposal. The Board believes that the Corporation’s executive compensation program is effective and aligned with shareholders’ interests. In 2017, Marlin instituted a new rigorous performance based approach to its compensation programs. The following highlights key objectives of our executive pay program:

- Balances short-term and long-term performance goals and commensurate rewards.
- Aligns the interests of our executives and our shareholders to create long-term value.
- Enables the Corporation to attract and retain key executive talent.

Impact of the “say-on-pay” vote. This advisory proposal, commonly referred to as a “say-on-pay” proposal, is not binding on the Board. However, the Board and the Compensation Committee will review and consider the voting results when evaluating our executive compensation program.

We hold “say-on-pay” votes annually in support of our Board’s policy. The next “say-on-pay” vote will occur at the Corporation’s 2019 annual meeting.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote **“FOR”** the adoption of the above resolution indicating approval, on an advisory basis, of the compensation of the Corporation’s named executive officers.

The Corporation’s Performance in 2017. The Corporation delivered strong performance in 2017 building on the Corporation’s 2.0 vision including the implementation of our indirect and direct originations platforms, creating greater efficiencies in our core operations, and investing in our talent. Net income of \$25.3 million was reported for the year ended December 31, 2017, resulting in diluted earnings per share of \$2.01, compared to net income of \$17.3 million and diluted earnings per share of \$1.38 for the year ended December 31, 2016. Return on average assets was 2.59% for the year ended December 31, 2017, compared to a return of 2.08% for the year ended December 31, 2016. Return on average equity was 15.38% for the year ended December 31, 2017, compared to a return of 11.15% for the year ended December 31, 2016.

Executive Compensation Practices. Our executive compensation program is designed to be heavily weighted toward compensating our executive officers based on the Corporation’s financial and operational performance. To that end, we have implemented executive compensation policies and practices that reinforce our pay-for-performance philosophy and align with sound governance principles.

Currently the following compensation policies and practices are in place:

What We Do	What We Do Not Do
✓ Double-trigger change in control agreements	☒ No guaranteed incentive awards for senior executives
✓ Performance Share Units (PSUs) with three-year performance period beginning in 2017	☒ No excessive perquisites or related tax gross-ups
✓ Performance-based short-term cash incentive compensation heavily weighted to financial performance	☒ No hedging of stock by executive officers and directors
✓ Stock ownership guidelines for executive officers and directors	☒ No post-employment retirement or pension type
✓ Independent compensation consultant directly engaged by our Compensation Committee	☒ No stock option repricing, stock option cash buyouts or liberal share recycling in equity plans

The Named Executive Officers of the Corporation for 2017 are:

- Jeffrey A. Hilzinger, President and CEO;
- W. Taylor Kamp, Jr., Senior Vice President and Chief Financial Officer;
- Edward R. Dietz, Senior Vice President of Administration, General Counsel and Secretary; and
- Louis E. Maslowe, Senior Vice President and Chief Risk Officer (as of January 10, 2017).
- Edward J. Siciliano, former Executive Vice President and Chief Operating Officer (left the Corporation on October 13, 2017.)

Management's Role in the Compensation-Setting Process. The Compensation Committee makes all compensation decisions relating to the Named Executive Officers; however, members of our management team play a significant role in the compensation-setting process, including:

- managing the process for plan/metrics approvals and
- recommending salary and bonus levels and equity awards for plan participants for the Committee to review and approve.

The CEO works with the Compensation Committee Chairman in establishing the agenda for Compensation Committee meetings. Management also prepares information for each Compensation Committee meeting. The CEO also occasionally participates in Compensation Committee meetings at the Compensation Committee Chairman's request to provide:

- background information regarding the Corporation's strategic objectives;
- a tally sheet for each Named Executive Officer, setting forth total compensation and aggregate equity awards;
- performance evaluations of the Named Executive Officers (other than himself); and
- compensation and equity award recommendations for the Named Executive Officers (other than himself).

The Compensation Committee meets without management present to evaluate the CEO's performance annually. The Committee also determines and approves the CEO's pay considering the outcome of the CEO performance evaluation. A formal review is conducted with the CEO following the Committee's evaluation.

The Compensation Committee is ultimately responsible for approving any recommendations provided to it and retains full discretion to modify (or reject) recommendations developed by management. The Compensation

Committee operates under a written charter (accessible on the investor relations page of the Corporation's website at www.marlinfinance.com) and only independent directors serve on the Compensation Committee.

External Consultants and Market Data. The Compensation Committee has utilized the services of independent consulting firms in order to provide advice on the design of the executive compensation program and related policies, senior executive pay levels, and non-employee director compensation.

The Compensation Committee engaged Frederic W. Cook & Co., Inc. ("FW Cook") to conduct a comprehensive evaluation of the Corporation's executive officer compensation programs and associated governance structures. FW Cook assisted the Compensation Committee with the development of a peer group which was used in the evaluation. The peer group included companies similar in industry and size to the Corporation. Specifically, peers were identified based on Global Industry Classification Standards (GICS) code, and include those in the Diversified Financials, Trading Companies and Distributors and Technology Distributors industries, with a focus on companies in the equipment leasing space. At the time of selection, peer companies were limited to those with both revenue and market capitalization value of 0.25-4.0 x Marlin's size.

The Committee-approved peer group consisted of the following 17 companies (two of which have since been acquired and are no longer publically traded):

How We Assess Performance and Determine Pay. This section outlines the key aspects of the Corporation's pay programs. In 2017, the Corporation introduced greater rigor in all elements of its executive compensation. In 2016, FW Cook completed a comprehensive review of the Corporation's executive compensation policies and practices. This review also included a market evaluation of compensation levels of Corporation's executives. The Corporation has adopted an annual evaluation of compensation levels to ensure alignment with the market and the Corporation's peer group. For 2017, rigorous performance measures for both short-term incentive and long-term incentives were adopted. While management and the Compensation Committee have targeted median market salaries and annual cash bonuses for each executive role, slightly higher than median (65%) is the target for long-term incentive awards, shifting more emphasis on long-term results.

Executives' 2017 annual bonuses were earned 80% on corporate objectives and 20% on predefined individual performance objectives, and paid in early 2018 following the certification of results.

2017 Annual Bonus Plan		2017 Long-Term (LTI) Incentive Awards

Ownership Guidelines

The Corporation's Board of Directors believes that it is important for the Named Executive Officers of the Corporation to have a financial stake in the Corporation so that their interests align with those of the Corporation's shareholders. To support this objective, the Corporation maintains stock ownership guidelines.

Ownership Requirements. Each Named Executive Officers is expected to acquire and hold during his or her employment with the Corporation, ownership of Corporation's stock having a value (measured annually based on the closing stock price on the last day of the calendar year) equal to the multiple of his or her annual base salary as indicated below. A Named Executive Officer who holds more than one title indicated below will be expected to satisfy the highest applicable ownership requirement. Named Executive Officers will have five years to satisfy these guidelines after the date of adoption of these guidelines or the date of being designated as an executive officer, whichever is later.

Position	Salary Multiple
Chief Executive Officer	5x
Chief Operating Officer	3x
Chief Financial Officer, Chief Risk Officer, & SVP of Operations	2x
SVP & General Counsel, SVP of Information Technology, SVP of HR, and President of Marlin Business Bank	1.5x

Included Holdings. The Corporation's stock holdings that count toward meeting the ownership requirements include: Shares owned outright (including shares held in the Corporation's Employee Stock Purchase Plan) or beneficially by the Named Executive Officers (or his or her immediate family members); restricted shares; and shares subject to RSUs. Unexercised stock options and PSUs do not count toward meeting the ownership requirements.

Share Retention Requirements. If a Named Executive Officers is not in compliance with the ownership guidelines, such Named Executive Officers will be required to retain 100% of net after-tax shares from option exercise or share vesting until the ownership requirements are achieved. If an executive officer's guideline changes due to a change in position or the Named Executive Officer's annual base salary, the number of shares required to be held will be adjusted accordingly.

The Compensation Committee monitors compliance with the guidelines and must approve any exceptions in the case of compelling circumstances, of which there are none.

Severance Pay Plan for Senior Management

Messrs. Hilzinger, Kamp, Dietz, and Maslowe are all participants in our Severance Pay Plan for Senior Management (the "Severance Plan"). The purpose of the Severance Plan is to provide severance benefits to certain key eligible executives whose employment is terminated without "cause" or for "good reason" (each as defined in the plan), and contains different levels of benefits for terminations independent of and related to a change in control ("CIC"). Payments under the Severance Plan are subject to the executive executing a release and complying with certain restrictive covenants. Payments and benefits under the Severance Plan would also cease upon any subsequent finding of any actions that constitute "cause" under the plan.

Upon a qualifying termination that occurs independent of a CIC (as further described below), Messrs. Hilzinger and Dietz would be eligible to receive the following severance benefits for 18 months following termination, and Messrs. Kamp and Maslowe would be eligible to receive such benefits for 12 months following termination (plus any accrued payments or benefits):

Salary Continuation. A continuation of their annual base salary for the severance period, paid in accordance with the Corporation's regular payroll schedule.

Annual Incentive Bonuses. A pro rata annual incentive bonus for the year of termination, based on actual performance results and paid at the same time as for then-employed participants, and with respect to Messrs. Hilzinger, Siciliano and Dietz, the executive’s target bonus for the year of termination.

Health Benefits Continuation. Continuation of the executive’s eligibility to participate in the Corporation’s medical, dental, vision and prescription drug plans in which the executive was participating (including dependents) immediately prior to termination.

Specifically, the Corporation will reimburse the executive for the difference between the executive’s monthly COBRA premium and the amount the executive would be required to pay for such coverage if employed by the Corporation at such time, subject to termination upon subsequent full-time employment.

Upon a qualifying termination of employment (a termination without “cause” or for “good reason”) during the protected CIC period of 24 months, the Plan provides that the covered executives will be eligible to receive the following severance benefits (in addition to any accrued benefits or payments):

Change in Control Payment. A lump sum amount equal to the sum of (i) (x) the executive’s annual base salary, multiplied by (y) the executive’s CIC multiplier, and (ii) the executive’s target bonus for the year of termination. For purposes of this formula, Messrs. Hilzinger, Siciliano and Dietz both have a CIC multiplier equal to two and Messrs. Kamp and Maslowe have a CIC multiplier equal to one and a half.

Change of Control Benefits Continuation. Health care continuation on the same terms as described above for a non-CIC related termination. However, for Messrs. Hilzinger, Siciliano, Dietz, Kamp and Maslowe, the coverage may run up to 18 months following termination.

Separation Agreement and Payment for Recent Executive Officer Departure

On October 13, 2017, the Corporation announced that Mr. Siciliano was leaving his position as Executive Vice President and Chief Operating Officer of the Corporation, the terms of which are memorialized in a separation agreement Mr. Siciliano entered into with the Corporation on October 13, 2017 (the “Separation Agreement”).

Pursuant to the Separation Agreement, Mr. Siciliano’s date of termination was October 13, 2017 (“Termination Date”), and the Corporation continued to pay Mr. Siciliano his base salary through the Termination Date, plus all accrued but unused paid time off and unreimbursed business expenses through his Termination Date. Mr. Siciliano’s departure was deemed as a termination “without cause” for purposes of determining the severance benefits payable to Mr. Siciliano. As such, Mr. Siciliano received the following lump sum payments pursuant to his employment agreement): (a) a cash payment in the aggregate amount of \$470,249.98, which is equal to eighteen months of his base salary; (b) a cash payment equal to his pro rata annual incentive bonus for the Corporation’s 2017 fiscal year; and (c) a payment equal to eighteen months’ worth of the monthly applicable premium for COBRA coverage as in effect on the Termination Date for medical and dental coverage for Mr. Siciliano and his dependents (grossed-up to cover applicable tax withholdings).

Compensation for Named Executive Officers in 2017

Base Salary. The Named Executive Officers’ base salaries as of January 1, 2017 are listed in the below table:

Base Salary Rate of Named Executive Officers			
Named Executive Officer	2017 Salary Rate	2016 Salary Rate	% Change
Jeffery A. Hilzinger	\$ 450,000	\$ 450,000	0%
W. Taylor Kamp, Jr.	\$ 300,000	\$ 300,000	0%
Edward R. Dietz	\$ 275,000	\$ 275,000	0%

Edward J. Siciliano	\$ 313,500	\$ 313,500	0%

Annual Bonuses. The Corporation's annual incentive plan is designed to motivate and reward Named Executive Officers for achieving short-term performance objectives, with respect to both corporate and individual performance goals. For 2017, annual bonuses were earned based on corporate objectives and pre-defined individual performance objectives and paid to the named executive officers in the first quarter of 2018 after the certification of results. The 2017 weighting for the bonuses was based on 80% financial objectives and 20% non-financial individual personal goal objectives. Corporate objectives are based on two independently evaluated measures, with a two-third weighting on fully-diluted earnings per share (EPS) and a one-third weighting on adjusted net interest margin (NIM). Adjusted Net Interest Margin is calculated as: Net Interest and Fee Income + Gain on Sale of Leases and Loans + Servicing Revenue + Referral Income. Target performance reflects internally defined objectives, with maximum earn-out of 200% of target for results at 115% of goal and threshold earn-out of 50% of target at 85% of goal. Below the threshold performance level (i.e., below 85% of goal), there is zero payout.

There were no discretionary payments made under the annual bonus program; however, there were agreed upon pre-determined exclusions and adjustments made in connection with the annual bonuses of the Named Executive Officers in 2017.

In connection with the 2017 percentage payouts against the bonus targets, each Named Executive Officer was eligible to receive 100% or greater of his or her target bonus level if (a) the Corporation met certain financial goals for 2017 and (b) such Named Executive Officer met or exceeded his or her individual performance goals.

The performance percentages and weighting percentages used in connection with the 2017 bonus payouts for the Named Executive Officers are as follows:

EPS Performance	EPS Weighting	NIM Performance	NIM Weighting	Individual Performance Goal Weighting
91.2%	53.3%	114.7%	26.7%	20%

The Named Executive Officers' 2017 annual bonuses paid in the first quarter of 2018 are listed in the below table:

2017 Named Executive Officers Annual Bonuses					
Named Executive Officer	2017 Salary	Bonus Threshold	Bonus Target%	Bonus Max	2017 Bonus Paid
Jeffery A. Hilzinger	\$ 450,000	50%	90%	200%	\$ 401,835
W. Taylor Kamp, Jr.	\$ 300,000	50%	80%	200%	\$ 192,523
Edward R. Dietz	\$ 300,000	50%	55%	200%	\$ 150,068
Louis E. Maslowe	\$ 320,000	50%	60%	200%	\$ 204,394
Edward J. Siciliano	\$ 313,500	50%	75%	200%	\$ 182,796

Annual Equity-Based Incentives. In March 2017, the Compensation Committee reviewed and approved stock-based awards for the Named Executive Officers based on the Corporation's results for the prior year and the executive's individual contribution to those results. Grants made under the annual equity-based incentive plan to the Named Executive Officers in 2017 consisted of the following:

Performance Stock Unit Awards (PSUs) based on Return on Equity: The number of PSUs, if any, that may become earned and vested will be determined based on the level of achievement of the performance goals which shall be determined based on the Corporation's three-year average Return on Equity ("2017-2019 ROE") during the performance period. PSUs will be earned from 0-200% achievement with an 85-120% performance target range used, which is wider than what is used for annual bonuses, since goal-setting is less precise within a three-year measurement period.

The Performance Goals for the 2017 PSU Awards are set forth in the chart below:

2017-2019 GOALS

	% Target	% of Achievement
	≥ 120.0%	200%
Maximum	120.0%	200%
	117.5%	188%

	90.0%	67%
	87.5%	58%
Threshold	85.0%	50%

In March 2017, the Compensation Committee made the following PSU awards to the Named Executive Officers:

- Mr. Hilzinger — 12,621
- Mr. Kamp — 4,854
- Mr. Dietz — 2,912
- Mr. Maslowe — 4,854
- Mr. Siciliano — 6,796

Performance Stock Unit Awards based on Total Shareholder Return (“TSR based PSU”): The number of TSR based PSUs, if any, that may become earned and vested will be determined based on the level of achievement of the performance goals which shall be determined based on the Corporation’s specific levels of total shareholder return achievement measured from the grant date to the third anniversary of the grant date and subject to continuous employment with the Corporation through the fourth anniversary of the grant date. The TSR based PSUs will be earned from 0-150% achievement of the performance goals during the three-year performance period.

In March 2017, the Compensation Committee reviewed and approved the following 12,000 TSR based PSU awards for Mr. Maslowe in order to more fully align the executive with the goal of increasing shareholder return.

Restricted Stock Unit Awards: The Restricted Stock Unit Awards vest in equal 33.3% annual installments on each anniversary date of the grant. In March 2017, the Compensation Committee made the following Restricted Stock Unit awards to the Named Executive Officers:

- Mr. Hilzinger — 6,310
- Mr. Kamp — 2,427
- Mr. Dietz — 1,456
- Mr. Maslowe — 2,427
- Mr. Siciliano — 3,398

Time-Vested Nonqualified Stock Options: The time-vested nonqualified stock options are granted with an exercise price equal to the price on the date of grant and vest in equal 33.3% annual installments. In March 2017, the Compensation Committee made the following Time Vested Nonqualified Stock Options awards to the Named Executive Officers:

- Mr. Hilzinger — 24,771
- Mr. Kamp — 9,527
- Mr. Dietz — 5,716
- Mr. Maslowe — 9,527
- Mr. Siciliano — 13,338

Other Benefits. The Named Executive Officers participate in employee benefits plans generally available to all of our employees, including medical and health plans, the 401 (k) program and the 2012 Employee Stock Purchase Plan. Two Named Executive Officers were provided with relocation benefits in 2017, including reimbursement of moving and housing expenses.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Reform and Consumer Protection Act, we are providing the ratio of the annual total compensation of Jeffrey Hilzinger, our CEO, to the annual total compensation of the median compensated of all of our other employees who were employed as of December 31, 2017. For 2017, our CEO, Jeffrey Hilzinger's, total compensation was \$1,581,008 and the annual total compensation of our median compensated employee was \$77,575. The ratio between these two amounts is 20 to 1.

This pay ratio is a reasonable estimate and was determined using the following methodology. As of December 31, 2017, our total employee population consisted of 329 employees. We used gross taxable income from our payroll data to determine our median employee, which we annualized for all employees who did not work for the entire year. We calculated the annual total compensation of our median employee for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. For the annual total compensation of our CEO, we used the amount reported in the "Total" column of the 2017 Summary Compensation Table included in this Proxy Statement.

The SEC rules allow for companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices when identifying the median compensation employee and calculating the pay ratio based on that employee's annual total compensation. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Tax Considerations

Prior to its amendment by the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"), disallowed a tax deduction to public companies for compensation paid in excess of \$1 million to "covered employees" (generally, a company's chief executive officer and its three other highest paid executive officers other than its chief financial officer). Prior to this amendment, there was an exception to this \$1 million limitation for performance-based compensation if certain requirements were met. The Committee has historically designed its compensation programs based on its belief that a substantial portion of the compensation payable to Named Executive Officers should be based on the achievement of performance-based targets or otherwise be designed with the intent that such compensation qualifies as deductible performance-based compensation under Section 162(m). As a result, annual incentive compensation and certain equity-based compensation arrangements granted to our covered employees were intended to qualify as performance-based compensation under Section 162(m).

Effective for taxable years beginning after December 31, 2017, the Tax Act amended Section 162(m) to eliminate the exception for performance-based compensation and expand the definition of “covered employee” to include a company’s chief financial officer and certain individuals who were covered employees in years other than the then-current taxable year. Although some transition relief may apply with respect to compensation paid pursuant to certain contracts in effect as of November 2, 2017, ambiguities in the Tax Act prevent the Committee from being able to definitively ascertain what compensation payable to the covered employees in excess of \$1 million, if any, will be deductible in future years. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the control of the Committee can affect deductibility of compensation, and there can be no assurance that compensation paid to our executive officers who are considered covered employees for purposes of Section 162(m) will be deductible.

The Committee will continue to consider tax implications (including the potential lack of deductibility under Section 162(m)) when making compensation decisions, but reserves the right to make compensation decisions based on other factors if the Committee believes it is in the best interests of the Corporation and its stockholders to do so. The Committee also reserves the right to make changes or amendments to existing compensation programs, including changes or amendments that are intended to modify or eliminate aspects of such arrangements that were intended to take advantage of the former exception to Section 162(m) for performance-based compensation but that the Committee no longer believes are in the best interests of the Corporation and its stockholders.

Potential Payments upon Termination of Employment or Change in Control

The following tables for Messrs. Hilzinger, Maslowe, Kamp and Dietz were calculated as per the applicable provisions of the Severance Pay Plan for Senior Management discussed previously.

In addition to the benefits designated under the Severance Pay Plan for Senior Management, Messrs. Hilzinger, Maslowe, Kamp and Dietz are also entitled to benefits pursuant to the terms of the 2003 Equity Plan (the "2003 Equity Plan") and the 2014 Equity Compensation Plan (the "2014 Equity Plan"), as applicable.

Upon a change of control (as defined in the 2003 Equity Plan), all the restrictions and conditions on all outstanding restricted stock awards granted under the 2003 Equity Plan shall immediately lapse.

In 2013, the 2003 Equity Plan expired and a new plan, the 2014 Equity Plan, was adopted. Pursuant to the terms of the 2014 Equity Plan, upon a change of control (as defined in the 2014 Equity Plan) and a termination of employment following a change of control all the restrictions and conditions on all outstanding restricted stock awards granted under the 2014 Equity Plan shall immediately lapse.

The calculations below assume a December 31, 2017 termination date or change of control date, as applicable, and the aforementioned provisions of the 2003 Equity Plan and the 2014 Equity Plan determined the total value of the unvested shares of Mr. Hilzinger, Mr. Maslowe, Mr. Kamp and Mr. Dietz.

* The acceleration of vesting of the restricted stock granted under the 2014 Equity Plan is based on two events – a change of control and the termination of employment of Messrs. Hilzinger, Maslowe, Kamp and Dietz with the Corporation within a certain period of time after the change of control. The restricted stock benefit amounts are computed by multiplying the number of restricted shares as to which vesting will be accelerated by the \$22.40 per share closing price of our common stock on December 31, 2017.

** The amount is not determinable since the amount that would be paid is a pro rata amount that will be determined at the end of the performance period for certain PSUs based on level of achievement of the performance goals or a change in control, if earlier.

Outside Directors' Compensation

Members of the Board of Directors who are not employees are eligible for compensation in the form of cash and equity as described below.

In conjunction with the engagement of FW Cook to evaluate the Corporation's executive officer compensation programs, the Compensation Committee also requested that FW Cook conduct a comprehensive evaluation of the compensation programs for non-employee independent members of the Board of Directors. In late 2016, after performing its comprehensive evaluation FW Cook provided the Compensation Committee with the results of the evaluation, and beginning in 2017, the compensation program for non-employee independent members of the Board of Directors now reflect the results of FW Cook's evaluation and corresponding recommendations.

Cash Compensation

Annual Retainer. Each outside (non-employee independent) director receives an annual cash retainer of \$50,000 for serving on the Board of Directors. The cash retainers are paid quarterly and prorated for fractional periods.

Chairman of the Board Retainer. In addition to the compensation described above, the non-employee Chairman of the Board of the Corporation receives an additional \$50,000 annual retainer (payable in quarterly installments).

Committee and Chair Retainers. The chairpersons and non-chair members of the Board's three standing committees are entitled to the following additional cash retainers each year (paid quarterly and prorated for fractional periods):

Board Committee	Chairperson Retainer (\$)	Non-Chair Member Retainer (\$)
Audit and Risk Committee	\$ 12,000	\$ 9,000
Compensation Committee	\$ 14,000	\$ 6,500
Nominating and Governance Committee	\$ 10,000	\$ 4,000

Equity Compensation

Annual Equity Award. The Board of Directors receive annual grants under the Corporation's 2014 Equity Compensation Plan, of restricted stock yielding a present value of \$60,000 at the stock award grant date. The annual restricted Stock Awards vest at the earlier of (a) seven years from the grant date and (b) six months following the non-employee independent director's termination of Board service. In 2017, the Chairman of the Board of the Corporation received a one-time grant of additional \$100,000 in present value of restricted stock for duties performed in 2016 in connection with the Corporation having an interim Chief Executive Officer and the search and onboarding process of the new Chief Executive Officer for the Corporation.

The following table sets forth compensation from the Corporation for the non-employee independent members of the Board of Directors in 2017. The table does not include reimbursement of travel expenses related to attending Board, Committee and Corporation business meetings.

Proposal 3:

Ratification of Independent Registered Public Accounting Firm

The Audit and Risk Committee of the Board of Directors of the Corporation has appointed Deloitte & Touche LLP (“Deloitte”) as the Corporation’s independent registered public accounting firm (its “independent auditor”) to perform the audit of the consolidated financial statements and internal control over financial reporting of the Corporation and its subsidiaries for the fiscal year ending December 31, 2018. Deloitte has served as the Corporation’s independent auditor since June 24, 2005, and the Corporation’s shareholders are being asked to ratify the Corporation’s designation of Deloitte as its independent auditor the fiscal year ending December 31, 2018. The Board of Directors unanimously recommends ratification of the Corporation’s designation of Deloitte as its independent auditor.

The Corporation's Review of Deloitte's Independence

The Audit and Risk Committee annually reviews Deloitte's independence and performance in deciding whether to retain Deloitte or engage a different independent auditor. In the course of these reviews, the committee considers, among other factors:

- Deloitte's historical and recent performance on the Corporation's audit;
- The quality and candor of Deloitte's communications with the Audit and Risk Committee and management;
- Deloitte's capability and expertise in handling the breadth and complexity of the Corporation's operations;
- an analysis of Deloitte's known legal risks and any significant legal or regulatory proceedings in which it is involved;
- external data on audit quality and performance, including recent Public Company Accounting Oversight Board reports on Deloitte and its peer firms;
- the appropriateness of Deloitte's fees for audit and non-audit services, on both an absolute basis and as compared to its peer firms;
- Deloitte's independence; and
- Deloitte's tenure as the Corporation's independent auditor, including the benefits of having a long-tenured auditor and controls and processes that help ensure Deloitte's independence.

Based on this evaluation, the Audit and Risk Committee believes that Deloitte is independent and that it is in the best interests of the Corporation and its shareholders to retain Deloitte as its independent auditor for 2018.

The Audit and Risk Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other permissible non-audit services. The pre-approval authority details the particular service or category of service that the independent auditors will perform. The Audit and Risk Committee's policy also requires management to inform the Audit and Risk Committee throughout the year when the actual fees charged by the independent auditors for service are not consistent with the estimated fees for service.

During the year, circumstances may arise when it may be necessary to engage the independent auditors for additional services not contemplated in the original pre-approval authority. In those instances, the Audit and Risk Committee approves the services before we engage the independent auditors.

During 2017, the Audit and Risk Committee pre-approved all audit and non-audit services provided by the independent auditors.

Vote Required

Although shareholder approval of this appointment is not required by law, the Bylaws or otherwise, or binding on the Corporation, the Corporation believes that its shareholders should be given the opportunity to express their views on the Corporation's external financial accounting and therefore is submitting this matter to shareholder vote as a matter of good corporate practice. If the shareholders do not ratify the appointment of Deloitte as the Corporation's independent, the Audit and Risk Committee will consider this vote in determining whether to continue the engagement of Deloitte as its independent auditor. Even if the designation is ratified, the Audit and Risk Committee may designate a different independent auditor at any time during the year if it determines that this would be in the best interests of the Corporation and/or its shareholders.

Approval of this proposal will require the affirmative vote of a majority of the Corporation's common shares represented in person or by proxy at the Annual Meeting.

The Board of Directors unanimously recommends that our shareholders vote "**FOR**" the ratification of the appointment of Deloitte & Touche LLP as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2018.

Report of the Audit and Risk Committee

Management is responsible for the Corporation's internal financial controls and the financial reporting process. The Corporation's outside independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the Corporation's consolidated financial statements and to express an opinion as to whether those financial statements fairly present in all material respects the financial position, results of operations and cash flows of the Corporation, in conformity with generally accepted accounting principles in the United States ("GAAP"). The Audit and Risk Committee's responsibility is to monitor and oversee these processes. In addition, the Audit and Risk Committee meets at least quarterly with our management and outside independent registered public accountants to discuss our financial statements and earnings press releases prior to any public release or filing of the information.

The Audit and Risk Committee has reviewed and discussed the audited financial statements of the Corporation for the year ended December 31, 2017, with the Corporation's management. The Audit and Risk Committee has discussed with the outside independent registered public accountants the matters required to be discussed by the rules adopted by the Public Company Accounting Oversight Board (the "PCAOB").

The outside independent registered public accounting firm provided to the Audit and Risk Committee the written disclosure required by the PCAOB. The Audit and Risk Committee discussed with the outside independent registered public accountants their independence and considered whether the non-audit services provided by the outside independent registered public accountants are compatible with maintaining their independence.

Based on the Audit and Risk Committee's review and discussions noted above, the Audit and Risk Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

Certain Related Person Transactions

Under the Corporation's Code of Ethics and Business Conduct, the Audit and Risk Committee must review and approve transactions with "related persons" (directors, director nominees and executive officers or their immediate family members, or shareholders owning 5% or greater of the Corporation's outstanding common stock) in which the amount exceeds \$120,000 and in which the related person has a direct or indirect material interest. Under this policy, full written disclosure must be submitted in writing to the Corporation's General Counsel, who will submit it to the Audit and Risk Committee for review. The transaction must receive Audit and Risk Committee approval prior to the consummation of the transaction.

On March 26, 2007, the Corporation announced that it had received correspondence from the Federal Deposit Insurance Company ("FDIC") approving the application for federal deposit insurance for its wholly-owned subsidiary, Marlin Business Bank, an industrial bank chartered by the State of Utah (the "Bank"), subject to certain conditions set forth in the order issued by the FDIC, dated as of March 20, 2007 (the "Order"). The Order provided that the approval of the Corporation's Bank application was conditioned on Peachtree Equity Investment Management, Inc. ("Peachtree") and WCI (Private Equity) LLC ("WCI"), whose sole manager is Peachtree, executing a passivity agreement with the FDIC to eliminate Peachtree's and WCI's ability to control the Bank. As a result, Peachtree, WCI and the FDIC entered into a Passivity Agreement, dated as of June 18, 2007 (the "Passivity Agreement"), which would be deemed effective on the date of issuance from the FDIC of the federal deposit insurance for the Bank. In connection with the execution of the Passivity Agreement, the Corporation entered into a Letter Agreement, dated as of June 18, 2007, by and among the Corporation, Peachtree and WCI (the "Letter Agreement"), which is also deemed effective on the date of issuance from the FDIC of the federal deposit insurance for the Bank. On March 11, 2008, the Corporation received approval from the FDIC for federal deposit insurance for the Bank, and approved the Bank to commence operations effective March 12, 2008. As a result of the approval, the Corporation became subject to the terms, conditions and obligations of the Letter Agreement. Under the terms of the Letter Agreement, the Corporation agreed to create one vacancy on the Corporation's Board of Directors by increasing the size of the Board. The Corporation also agreed to take all necessary action to appoint one individual proposed by Peachtree and WCI as a member of the

Board to serve as a director until the expiration of the term at the 2008 Annual Meeting of Shareholders. On April 17, 2008, Matthew J. Sullivan was appointed to the Board under the terms of the Letter Agreement, and Mr. Sullivan has continued to serve as a Board member under the provisions of the Letter Agreement that requires the Corporation to include an individual proposed by Peachtree and WCI on the Board's slate of nominees for election as a director of the Corporation and to use its best efforts to cause the election of such individual so long as Peachtree and WCI are subject to the terms and conditions of the Passivity Agreement.

Section 16(a) Reporting Compliance

Section 16(a) of the Exchange Act requires the Corporation's directors, executive officers and shareholders who beneficially own more than 10% of the Corporation's outstanding equity stock to file initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Corporation with the SEC. Based on a review of copies of the reports we received and on the statements of the reporting persons, to the best of the Corporation's knowledge, all required reports in 2017 were filed on time.
